## MOB WILL MARCH ON CZAR'S PALACE

### Under the Blood Red Flag and Weapons In Hand.

### CALL FOR ANOTHER UPRISING

**Workmen of St. Petersburg Called to a Renewal of Disturbances With Every Threat of Rioting and Bloodshed—Gorky Is Suffering.**

St. Petersburg, Wednesday, Feb. 8.—The central committee of the Russian Social Democratic Workmen's party has issued a violent proclamation, which has been widely circulated in the factories of St. Petersburg, calling on the operatives to array themselves under the red flag of the Social Democracy and prepare for an armed renewal of the January demonstrations.

The proclamation bitterly assails church and state and the higher classes, and concludes:

"In order to gain victory we must organize a vast workmen's army.

"Then again we will start for the palace to present our demands, not without weapons, not with ikons and not with supplications, but with arms in our hands under the blood-red

THE CZAR AND CZARINA OF RUSSIA.

standard of the Russian Social Democratic party."

**Worse Things in Poland.**

Today's events in Poland and the Caucasus are increasinly serious. Disorders in the smaller industrial towns of Poland have added more than a score to the tale of the killed, and troops have had to be sent to Warsaw and Kutne (83 miles west of Warsaw) to quell the uprisings there.

The strike conditions in the Caucasus are becoming worse and traffic on the Transcaucasian railway is interrupted.

**Father Gapon Is Found.**

Father Gapon, the leader of the workmen of St. Petersburg in the affair of January 22, is now known to be in Switzerland.

The police have discovered at the residence of Municipal Concillor Kedrine, one of those who was arrested with Maxmine Gorky after the attempt to interview Minister of the Interior Sviatopolk-Mirsky the night before the collision between the soldiers and workmen in this city, and who is still in St. Peter and St. Paul fortress, the draft of a proclamation inciting the army to revolt.

Count Andre Tolstoi, has returned from Manchuria, where he received a wound in the head, and was decorated with the Cross of St. George. He is visiting his father, Count Leo Tolstoi at Yasnaya Polliana. He intends to take an examination for a commission and return to the Far East.

**Gorky Is Suffering.**

Maxime Gorky's wife has been permitted to visit him in the Fortress of St. Peter and St. Paul. Gorky is suffering from a slight indisposition, due to confinement. He is receiving every attention, a high officer having been specially detailed to look after him.

Governor-Generela Trepoff has ordered the curator of education to instruct all professors in universities and teachers in schools of St. Petersburg to inform their students that academic anarchy must cease. Students must resume their studies by Feb. 28, and those refusing to do so will be expelled.

If the majority refuse or the professors associate themselves with the movement the universities and schools, General Trepoff announced, would close and education in St. Petersburg would cease.

### ATLANTA AN ISOLATED CITY.

**Telegraphic Communication Cut Off From Outside World.**

Atlanta, Feb. 10.—Atlanta is as completely cut off from the rest of the world today as yesterday, and the only hope in sight for relief comes from the fact that the ice is slowly melting and falling from trees, poles and the roofs of houses. The greatest storm that the south has ever known still covers everything in sight and the suffering that it has occasioned is by no means relieved. Wednesday night more trees gave way under the strain of ice and snow than had fallen during all the rest of the storm. Great oaks that had withstood the strain of storms for generations, gave up the struggle against the ice king and with loud noises fell to the ground.

Isolated absolutely from the rest of the world, not a line of telegraphic communication is opend in Atlanta Thursday.

Over 1,000 linemen are scattered through the territory adjacent to Atlanta and determined efforts are being made to open up communication with the rest of the world. The worst damage done by the storms to the telegraph lines is within 50 miles of Atlanta, and telegraph men state that if the weather moderates, they will be able to handle messages out of Atlanta within two days.

The loss to the telegraph companies during the storm is estimated by the telegraph officials in Atlanta at $100,000 in this immediate vicinity.

Not a single railroad entering Atlanta has a wire up, and trains, running under the old schedule rules, are hours late. It is almost impossible to run freight trains, and the railroad officials are said to be contemplating abandoning freight trains until the come up.

The wreck to the telephone companies following the storm is growing greater each moment. Preliminary estimates made Thursday morning show that 5,000 telephones are out of working order, and that the loss to the Bell and the Atlanta Telephone companies will aggregate over $100,000.

One month's time is needed to repair the damage.

Five hundred expert linemen are working in Atlanta and vicinity and other gangs are being rushed in on special trains to aid in the work of repair.

### ATLANTA GETS STATE FAIR.

**Macon Was Outbid by the Citizens of the Gate City.**

Atlanta, Feb. 10.—Atlanta captured the state fair Wednesday.

The committee that was sent to Macon for the purpose of presenting the claims of this city in such form to the executive committee as to secure the fair succeeded so well that after an hour's consideration of the bids of the two cities the executive committee voted in favor of Atlanta.

Macon bid $18,000 for the state fair this year. Atlanta bid $28,000. Members of the executive committee of the Georgia Agricultural society stated that if Macon had bid as much as $20,000 she would have retained the fair.

The bid of this city was divided as follows:

| | |
|---|---|
| Cash bonus | $ 6,500 |
| For agricultural prizes | 12,000 |
| Premiums for other Dep'ts | 10,000 |
| Total | $28,500 |

Atlanta also included in her bid $16,000 for racing, advertising and other things, making the total $44,500, but the $16,000 would have been spent on any fair and really does not belong in the bid. The amount that captured the next state fair was $28,500.

## LAWS TO GOVERN COTTON MEETINGS

### Separate Constutition for State and County Organizations.

**IT SHALL BE NON-POLITICAL**

**According to the Plans, Meetings Will Be Held in Every Precinct or District Feb. 11; County Meetings Feb. 16th, State Meetings Feb. 21st.**

Atlanta, Feb. 10—The subcommittee on constitution of the Southern Cotton association, which has been in session at the Piedmont hotel for the last two days, last night completed its work in connection with constitutions, and began the consideration of by-laws.

It adopted separate constitutions for the main organization, for state organizations and for county organizations. The reason for this is that the organization in the county and in the state or division, will be different from the main organization and will require different machinery, yet its fundamental law must conform to that of the main association. For this reason the subcommittee adopted constitutions for these sub-organizations.

The constitution for state organization sets forth the purposes in article 1. Article 2 deals with the powers of the organization. Article 2 provides that the organization shall not violate any state or federal laws. Article 4 provides that the organization shall be non-political. Article 5 provides that the members of the state organization shall consist of two members chosen by each county organization. Article 6 provides for the election of a president, vice president, secretary, treasurer and such minor officers as are needed. Article 7 sets forth the duties of the officers, and article 8 provides for raising revenue. Each county organization is required to turn over half of its revenue from all sources to the state organization. Article 9 provides for amendments.

**Shall be Non-Political.**

All of the constitutions distinctly provide that the organization shall be strictly non-political. So strict is this feature that any person holding office or who contemplates running for office is ineligible to become an officer of the Southern Cotton association or to serve on its executive committee.

Following is the section prohibiting politics as it apears in the state constitution:

Article 4, section 4.—This organization shall in no manner lend its influence to party politics or party organization. Should any officer of this organization publicly announce himself as a candidate for any national, state or county office, such announcement shall immediately vacate his position as an officer, and no person offering for, or holding any of the above named political offices, shall be elligible to ony official position in this association.

**To Choose New Representatives.**

According to the plans precinct or district meetings will be held in every precinct in every county in every cotton state on Saturday of this week, Feb. 11. At these meetings delegates will be elected to the county meetings to be held Feb. 16. The county meetings will perfect organization, and each will elect two delegates to the state meeting to be held on Feb. 21 at the capitol of each state.

At these state meetings each state will choose its members of the Southern Cotton association in accordance with its output of cotton, Georgia being entitled to three members.

Thus a new association will be constituted, and these members will be known as the Southern Cotton association.

The subcommittee last night also adopted a form of constitution for county organization carrying out the necessary details for the local gathering in each county.

These constitutions will be printed in pamplet form, and distributed throughout the cotton states as soon as possible.

When the work of adopting these constitutions was completed last night the subcommittee took up the matter of by-laws for the general association. It is expected that this work will be completed early Thursday.

**Hold Cotton for 9½ Cents.**

President Harvie Jordan, of the Southern Cotton Growers' association, in an interview today, strongly urges all farmers to hold for 9½ cents cotton, as he says this price will surely result unless heavy sales are made at lower rates.

President Jordan says: "We have already added $25,000,000 to the southern cotton crop since the New Orleans meeting, and I strongly advise all farmers to hold for 9½ cents cotton, no matter what may arise. We have won this fight as certain as death, and it only remains for the farmers to keep the fight won."

"I have been asked a to whether it would not be a good policy to sell at 8 cents, but say, 'No,' by all means."

### 50,000 SIGN THE PETITION.

**Strong Efforts Being Made to Save Life oof Mrs. Kate Edwards.**

Reading, Feb. 10.—Letters from all parts of the country continue to pour in upon Oliver Lentz, attorney for Mrs. Edwards. Various reasons are given, the principal ones being that she is a woman, and that the state she was in at the time the crime was committed was caused in part, at least, by the conduct of her husband. Many of the letters are eloquent, and the writers offer to circulate petitions to be sent to the board of pardons. It is estimated that at the meeting of the board next week petititons signed by 50,000 persons will be presened asking for mercy for the woman.

Mrs. Kate Edwards and Her Daughter.

(Mrs. Edwards is to be executed at Reading, Pa., on Feb. 16, for the murder of her husband.)

The Rev. Stephen Schweitzer, of Ephrata, Pa., Mrs. Edward's spiritual adviser, to whose Muddy Creek Reform church she formerly belonged, is circulating petitions among the people of her old home. Over 600 have signed it. There has not been one refusal.

**Innocent Lad Robs Papa.**

Atlanta, Feb. 10.—When James Nance, 12 years old, of Monroe, N. C., was brought before the desk sergeant at police headquarters early Thursday morning, money aggregating in all $270 was found in one of his pockets. Later he confessed that he took it from his father and was on his way to Florida, where he intended to go to work. He had also a ticket from Monroe to Atlanta, which the conductor failed to take up.

Young Nance was locked up in the new detention ward, and showed his disgust of the place Thursday morning by overturning the dresser, throwing out his breakfast, scattering the bed-clothes and kicking the door. His father will be communicated with at once.

**Sues for Gambling Money.**

Birmingham, Ala., Feb. 10.—S. Augustin, for the use of Marion Robinson, has filed an action to recover $250 from A. O. Litton, Abe Siegel and A. O. Wade, alleging that this amount of money was lost in a gambling establishment operated by the defendants. Marion Robinson alleges that the money was lost by her husband, H. T. Robinson. The suit is regarded with interest as being in the nature of a test action.

## STEAMER FOUNDERS DURING BIG STORM

### Captain, Four Passengers and Many Sailors Missing.

### STRUCK ROCKS IN THE BLIZZARD

**The Damara, of the Furness Line, Is Wrecked on Snow-bound Coast of New Foundland—Eighteen Men of Crew Reach the Shore.**

Halifax, N. S., Feb. 10.—During a raging gale and blinding snowstorm which have swept the Nova Scotia coast for the past 24 hours, the ocean steamer Damara, of the Furness line, ran on the rocks at Musquodobolt, 30 miles east of Halifax, early Wednesday, and is believed to have foundered with the loss of many lives.

The first officer of the ship, with 18 of the crew, escaped in one of the lifeboats and landed at Pleasant Point after a terrific struggle with wind and sea.

Captain Gorst, master of the Damara, four passengers, and the balance of the steamer's crew left the vessel in another lifeboat and have not been heard of since, and it is believed that they have perished.

**Freezing in Open Boat.**

The occupants of the boat which reached shore were utterly exhausted and many of them were badly frostbitten. They had a harrowing experience, battling in the darkness for hours in the open boat against tempestuous seas on a treacherous coast, with the thermometer 10 degrees below zero and an arctic blizzard raging.

They landed on shore some time during the day and reached the telegraph office at Musquodobolt Harbor, whence they wired the first intelligence of the disaster to the agent of the Furness line at Halifax, to which port the Damara was bound.

The survivors say that the steamer struck about 2 o'clock Wednsday morning, when the blizzard was so thick that it was impossible to see a ship's length ahead. How the steamer got so far out of her proper course they cannot imagine. The ship struck without warning on what proved to be Musquodobolt Ledge.

**Hole in Ship's Bow.**

An immense hole, through which the sea poured in torrents, was smashed in the bow of the steamer. The shock of the impact shivered the vessel from stem to stern, waking every one on board, and huge breakers swept the vessel fore and aft. Lifeboats were immediately ordered over the side, and all hands left the ship.

It is believed that the steamer must have foundered quickly, and small hope is entertained by the survivors of the wreck that the captain and the other occupants of the missing lifeboat could have successfully withstood the extreme rigor of the weather prevailing on this coast for the many hours which have passed.

The wind tonight was off shore and if the missing boat has not already swamped, it has been driven seaward many miles, and is now probably adrift on the Atlantic in the midst of some of the wrost weather of the season.

**Tug Sent to the Rescue.**

Tugs were dispatched from this harbor tonight to search for the boat and to ascertain if any vestige of the hull of the Damara remains.

The Damara left Liverpool on Jan. 24 for Halifax by way of St. John, N. F., and left St. Johns for this port last Saturday. Musquodobolt Ledge, on which she struck, is 5 miles from the mainland.

The names of the survivors could not be learned tonight, but it is known that all of the crew were shipped in England.

**Circuit Clerk Named in Alabama.**

Birmingham, Ala., Feb. 10.—By decision of the supreme court Cad Garrett will at once assume the office of circuit clerk of Hale county, over W. W. Walton, the hold-over.

Father Gapon, the leader of the workmen of St. Petersburg in the affair of January 22, is now known to be in Switzerland.

The police have discovered at the residence of Municipal Concillor Kedrine, one of those who was arrested with Maxmine Gorky after the attempt to interview Minister of the interior Sviatopolk-Mirsky the night before the collision between the soldiers and workmen in this city, and who is still in St. Peter and St. Paul fortress, the draft of a proclamation inciting the army to revolt.

Count Andre Tolstoi, has returned from Manchuria, where he received a wound in the head, and was decorated with the Cross of St. George. He is visiting his father, Count Leo Tolstoi at Yasnaya Poliana. He intends to take an examination for a commission and return to the Far East.

#### Gorky Is Suffering.

Maxime Gorky's wife has been permitted to visit him in the Fortress of St. Peter and St. Paul. Gorky is suffering from a slight indisposition, due to confinement. He is receiving every attention, a high officer having been specially detailed to look after him.

Governor-Generela Trepoff has ordered the curator of education to instruct all professors in universities and teachers in schools of St. Petersburg to inform their students that academic anarchy must cease. Students must resume their studies by Feb. 28, and those refusing to do so will be expelled.

If the majority refuse or the professors associate themselves with the movement the universities and schools, General Trepoff announced, would close and education in St. Petersburg would cease.

### ATLANTA AN ISOLATED CITY.

#### Telegraphic Communication Cut Off From Outside World.

Atlanta, Feb. 10.—Atlanta is as completely cut off from the rest of the world today as yesterday, and the only hope in sight for relief comes from the fact that the ice is slowly melting and falling from trees, poles and the roofs of houses. The greatest storm that the south has ever known still covers everything in sight and the suffering that it has occasioned is by no means relieved. Wednesday night more trees gave way under the strain of ice and snow than had fallen during all the rest of the storm. Great oaks that had withstood the strain of storms for generations, gave up the struggle against the ice king and with loud noises fell to the ground.

Isolated absolutely from the rest of the world, not a line of telegraphic communication is opend in Atlanta Thursday.

Over 1,000 linemen are scattered through the territory adjacent to Atlanta and determined efforts are being made to open up communication with the rest of the world. The worst damage done by the storms to the telegraph lines is within 50 miles of Atlanta, and telegraph men state that if the weather moderates, they will be able to handle messages out of Atlanta within two days.

The loss to the telegraph companies during the storm is estimated by the telegraph officials in Atlanta at $100,000 in this immediate vicinity.

Not a single railroad entering Atlanta has a wire up, and trains, running under the old schedule rules, are hours late. It is almost impossible to run freight trains, and the railroad officials are said to be contemplating abandoning freight trains until the come up.

The wreck to the telephone companies following the storm is growing greater each moment. Preliminary estimates made Thursday morning show that 5,000 telephones are out of working order, and that the loss to the Bell and the Atlanta Telephone companies will aggregate over $100,000.

One month's time is needed to repair the damage.

Five hundred expert linemen are working in Atlanta and vicialty and other gangs are being rushed in on special trains to aid in the work of repair.

### ATLANTA GETS STATE FAIR.

#### Macon Was Outbid by the Citizens of the Gate City.

Atlanta, Feb. 10.—Atlanta captured the state fair Wednesday.

The committee that was sent to Macon for the purpose of presenting the claims of this city in such form to the executive committee as to secure the fair succeeded so well that after an hour's consideration of the bids of the two cities the executive committee voted in favor of Atlanta.

Macon bid $18,000 for the state fair this year. Atlanta bid $28,000. Members of the executive committee of the Georgia Agricultural society stated that if Macon had bid as much as $20,000 she would have retained the fair.

The bid of this city was divided as follows:

| | |
|---|---|
| Cash bonus | $ 6,500 |
| For agricultural prizes | 12,000 |
| Premiums for other Dep'ts | 10,000 |
| Total | $28,500 |

Atlanta also included in her bid $16,000 for racing, advertising and other things, making the total $44,500, but the $16,000 would have been spent on any fair and really does not belong in the bid. The amount that captured the next state fair was $28,500.

## LAWS TO GOVERN COTTON MEETINGS

### Separate Constutition for State and County Organizations.

### IT SHALL BE NON-POLITICAL

### According to the Plans, Meetings Will Be Held in Every Precinct or District Feb. 11; County Meetings Feb. 16th, State Meetings Feb. 21st.

Atlanta, Feb. 10—The subcommittee on constitution of the Southern Cotton association, which has been in session at the Piedmont hotel for the last two days, last night completed its work in connection with constitutions, and began the consideration of by-laws.

It adopted separate constitutions for the main organization, for state organizations and for county organizations. The reason for this is that the organization in the county and in the state or division, will be different from the main organization and will require different machinery, yet its fundamental law must conform to that of the main association. For this reason the subcommittee adopted constitutions for these sub-organizations.

The constitution for state organization sets forth the purposes in article 1. Article 2 deals with the powers of the organization. Article 2 provides that the organization shall not violate any state or federal laws. Article 4 provides that the organization shall be non-political. Article 5 provides that the members of the state organization shall consist of two members chosen by each county organization. Article 6 provides for the election of a president, vice president, secretary, treasurer and such minor officers as are needed. Article 7 sets forth the duties of the officers, and article 8 provides for raising revenue. Each county organization is required to turn over half of its revenue from all sources to the state organization. Article 9 provides for amendments.

#### Shall be Non-Political.

All of the constitutions distinctly provide that the organization shall be strictly non-political. So strict is this feature that any person holding office or who contemplates running for office is ineligible to become an officer of the Southern Cotton association or to serve on its executive committee.

Following is the section prohibiting politics as it apears in the state constitution:

Article 4, section 4.—This organization shall in no manner lend its influence to party politics or party organization. Should any officer of this organization publicly announce himself as a candidate for any national, state or county office, such announcement shall immediately vacate his position as an officer, and no person offering for, or holding any of the above named political offices, shall be elligible to ony official position in this association.

#### To Choose New Representatives.

According to the plans precinct or district meetings will be held in every precinct in every county in every cotton state on Saturday of this week, Feb. 11. At these meetings delegates will be elected to the county meetings to be held Feb. 16. The county meetings will perfect organization, and each will elect two delegates to the state meeting to be held on Feb. 21 at the capitol of each state.

At these state meetings each state will choose its members of the Southern Cotton association in accordance with its output of cotton, Georgia being entitled to three members.

Thus a new association will be constituted, and these members will be known as the Southern Cotton association.

The subcommittee last night also adopted a form of constitution for county organization carrying out the necessary details for the local gathering in each county.

These constitutions will be printed in pamplet form, and distributed throughout the cotton states as soon as possible.

When the work of adopting these constitutions was completed last night the subcommittee took up the matter of by-laws for the general association. It is expected that this work will be completed early Thursday.

#### Hold Cotton for 9½ Cents.

President Harvie Jordan, of the Southern Cotton Growers' association, in an interview today, strongly urges all farmers to hold for 9½ cents cotton, as he says this price will surely result unless heavy sales are made at lower rates.

President Jordan says: "We have already added $25,000,000 to the southern cotton crop since the New Orleans meeting, and I strongly advise all farmers to hold for 9½ cents cotton, no matter what may arise. We have won this fight as certain as death, and it only remains for the farmers to keep the fight won."

"I have been asked a to whether it would not be a good policy to sell at 8 cents, but say, 'No,' by all means."

### 50,000 SIGN THE PETITION.

#### Strong Efforts Being Made to Save Life oof Mrs. Kate Edwards.

Reading, Feb. 10.—Letters from all parts of the country continue to pour in upon Oliver Lentz, attorney for Mrs. Edwards. Various reasons are given, the principal ones being that she is a woman, and that the state she was in at the time the crime was committed was caused in part, at

Mrs. Kate Edwards and Her Daughter.

(Mrs. Edwards is to be executed at Reading, Pa., on Feb. 16, for the murder of her husband.)

least, by the conduct of her husband. Many of the letters are eloquent, and the writers offer to circulate petitions to be sent to the board of pardons. It is estimated that at the meeting of the board next week petititons signed by 50,000 persons will be presened asking for mercy for the woman.

The Rev. Stephen Schweitzer, of Ephrata, Pa., Mrs. Edward's spiritual adviser, to whose Muddy Creek Reform church she formerly belonged, is circulating petitions among the people of her old home. Over 600 have signed it. There has not been one refusal.

#### Innocent Lad Robs Papa.

Atlanta, Feb. 10.—When James Nance, 12 years old, of Monroe, N. C., was brought before the desk sergeant at police headquarters early Thursday morning, money aggregating in all $270 was found in one of his pockets. Later he confessed that he took it from his father and was on his way to Florida, where he intended to go to work. He had also a ticket from Monroe to Atlanta, which the conductor failed to take up.

Young Nance was locked up in the new detention ward, and showed his disgust of the place Thursday morning by overturning the dresser, throwing out his breakfast, scattering the bed-clothes and kicking the door. His father will be communicated with at once.

#### Sues for Gambling Money.

Birmingham, Ala., Feb. 10.—S. Augustin, for the use of Marion Robinson, has filed an action to recover $250 from A. O. Litton, Abe Siegel and A. O. Wade, alleging that this amount of money was lost in a gambling establishment operated by the defendants. Marion Robinson alleges that the money was lost by her husband, H. T. Robinson. The suit is regarded with interest as being in the nature of a test action.

## STEAMER FOUNDERS DURING BIG STORM

### Captain, Four Passengers and Many Sailors Missing.

### STRUCK ROCKS IN THE BLIZZARD

### The Damara, of the Furness Line, Is Wrecked on Snow-bound Coast of New Foundland—Eighteen Men of Crew Reach the Shore.

Halifax, N. S., Feb. 10.—During a raging gale and blinding snowstorm which have swept the Nova Scotia coast for the past 24 hours, the ocean steamer Damara, of the Furness line, ran on the rocks at Musquodobolt, 30 miles east of Halifax, early Wednesday, and is believed to have foundered with the loss of many lives.

The first officer of the ship, with 18 of the crew, escaped in one of the lifeboats and landed at Pleasant Point after a terrific struggle with wind and sea.

Captain Gorst, master of the Damara, four passengers, and the balance of the steamer's crew left the vessel in another lifeboat and have not been heard of since, and it is believed that they have perished.

#### Freezing in Open Boat.

The occupants of the boat which reached shore were utterly exhausted and many of them were badly frostbitten. They had a harrowing experience, battling in the darkness for hours in the open boat against tempestuous seas on a treacherous coast, with the thermometer 10 degrees below zero and an arctic blizzard raging.

They landed on shore some time during the day and reached the telegraph office at Musquodobolt Harbor, whence they wired the first intelligence of the disaster to the agent of the Furness line at Halifax, to which port the Damara was bound.

The survivors say that the steamer struck about 2 o'clock Wednsday morning, when the blizzard was so thick that it was impossible to see a ship's length ahead. How the steamer got so far out of her proper course they cannot imagine. The ship struck without warning on what proved to be Musquodobolt Ledge.

#### Hole in Ship's Bow.

An immense hole, through which the sea poured in torrents, was smashed in the bow of the steamer. The shock of the impact shivered the vessel from stem to stern, waking every one on board, and huge breakers swept the vessel fore and aft. Lifeboats were immediately ordered over the side, and all hands left the ship.

It is believed that the steamer must have foundered quickly, and small hope is entertained by the survivors of the wreck that the captain and the other occupants of the missing lifeboat could have successfully withstood the extreme rigor of the weather prevailing on this coast for the many hours which have passed.

The wind tonight was off shore and if the missing boat has not already swamped, it has been driven seaward many miles, and is now probably adrift on the Atlantic in the midst of some of the wrost weather of the season.

#### Tug Sent to the Rescue.

Tugs were dispatched from this harbor tonight to search for the boat and to ascertain if any vestige of the hull of the Damara remains.

The Damara left Liverpool on Jan. 24 for Halifax by way of St. John, N. F., and left St. Johns for this port last Saturday. Musquodobolt Ledge, on which she struck, is 5 miles from the mainland.

The names of the survivors could not be learned tonight, but it is known that all of the crew were shipped in England.

#### Circuit Clerk Named in Alabama.

Birmingham, Ala., Feb. 10.—By decision of the supreme court Cad Garrett will at once assume the office of circuit clerk of Hale county, over W. W. Walton, the hold-over.

# FOUR BLOCKS WILL BE PAVED

## Decision Was Reached at Meeting of City Council Friday.

### A GOVERNMENT EXPERIMENT

**Expert Spoon Desires to Test the Material Here for Street Building Purposes and Will Pave Three Blocks on West Main and One on East Main.**

A special meeting of the City Council was held Friday afternoon, at which an order was passed directing the paving of three city blocks with flint rock.

As has been stated before, the question has been agitated by those who love good streets that the government experts, who have come to build a mile of object lesson road for the county, be induced to construct also a mile of streets within the city limits.

Government Expert W. L. Spoon Friday afternoon presented the council, in behalf of the department of road inquiry of the government, with a proposition to the effect that the government would be willing to construct the street, furnishing necessary machinery and the services of a practical road builder, if the city would bear the expense of material and labor.

This special meeting was called for the purpose of considering the matter. As the best evidence that the city authorities are interested, it may be mentioned that every alderman was in his place at the appointed hour, and a general discussion of the matter followed. Col. Spoon was also present, and gave the council the benefit of some valuable practical suggestions. He stated that the flint rock owned by the city would make an excellent paving, firm, smooth and durable, and that roughly estimating, he figured that a substantial pavement of proper thickness could be laid at a cost of $4.50 per yard, from curb to curb, on a seventy-foot street.

Dr. T. F. Thomas, who is an enthusiast on good roads and good streets, stated for the information of the council that he had seen personally every property owner on West Main street between Mechanic and Masonic, a distance of three blocks, and that all were willing to bear their expense of two-thirds the cost of putting the pavement down. Alderman Taylor also presented a petition signed by property owners to that effect, with the result that a motion was made, seconded and carried, to the effect that the proposition of Hon. Spoon be accepted, and that West Main street from Mechanic to Masonic streets, a distance of three blocks, and East Main street from Liberty to the intersection of Union street, one block, be paved with flint rock; property owners to pay two-thirds the cost of said paving on street fronting their property, said cost not to exceed $1 per lineal foot, the city to pay the balance.

The aggregate distance of the proposed paving will be 1,060 feet, which will make a very creditable showing.

Col. Spoon took occasion to remark before the meeting that it was not the custom of the government to construct streets and highways in municipalities and that the city might feel compimented that it has been agreed to do so in this. He gave as his reason the fact that, after careful inspection and subsequent analysis, he was of the opinion that the material at command here was the best for street-building purposes to be found in the State, and he desired to test it. While it might be termed a little selfish upon the part of himself and the department of road inquiry, he was willing to make this consession in order to make the experiment. The council was perfectly satisfied with this, and it did not require long to decide upon the matter.

Col. Spoon stated that he proposed to bring his machinery into use as soon as possible. The material to be used is that taken from University street, and has been deposited on Sweetwater branch. Col. Spoon will proceed to crush the stone at once, and within the next few days the actual work of paving will begin.

### Card From Alderman Taylor.

Under the resolution of the council the city is ready to proceed with the government's experts to costruct the streets named, and to avoid the chance of a misunderstanding I give below the steps necessary from the abutting property owners before the city will undertake the work:

On the block between Liberty and Mechanic streets the estimated cost is $2.00 per lineal foot or $400.00 for the block, of which amount the property owers assume two-thirds, or $267.67, which amount must be in the city treasury before work is commenced.

The West Main street block fronting the square between Liberty and Union streets the proportion to be borne by the property owners is $240, which amount will have to be deposited as above stated.

The block on West Main street between Union rnd Masonic streets, 200 feet, is estimated to cost $400, of which the property owners must deposit $267.67.

The block on East Main street authorized by the resolution, same being the one bounded by Liberty street on the north and Union street on the south, and facing the square, will also be paved under the same plan as the corresponding block on the west side of the square, and property owners will have to deposit with the city treasurer $240 before work commences.

Priority in construction will be given to those blocks which first make their deposits in full.

There will be no deviation from the above arrangment, and as the time in which to act is extremely short it behooves those interested to close the matter promptly.

I suggest that checks be made payable to the city treasurer and given to me in order to enable me to keep track of them. Should the work not be undertaken, checks will be returned promptly. W. B. TAYLOR,
Chairman Street Committee.

### AN INTERESTING MEETING.

**Ministerial Association Held Important Session—Religious Census.**

The Ministerial Association of Gainesville held its regular monthly session at Holy Trinity Episcopal Church a day or two recently, a full board being present.

Secretary Bullock reported that the religious census of the city, which has been under course of compilation for the past two or three months, was nearly completed, and upon motion the secretary was requested to compile statistical tabulated report and furnish to The Sun for publication, as a matter of general information to the public. This will be the first census of the kind ever compiled here, and will no doubt contain much valuable information which could be gained through no other source.

Among other business the Association discussed the advisability of holding a union meeting of all the Sunday schools of the city, but no action was taken. The matter, however, was referred to action of a future meeting, which will be called by the president.

Rev. T. J. Nixon of Kavanaugh Methodist Church was elected a member of the Association, vice Rev. W. J. Carpenter, removed from the city.

The meeting was one in which a great deal of interest was manifested.

### STILL LOVES GAINESVILLE.

**A. J. McArthur Doing Well in Georgia, But Longs for Old Home.**

While A. J. McArthur, for many years a citizen and one of the leading spirits of this city, but who is now located at Collins, Ga., where he is installing what he says is the largest pine product plant in the United States, writes a friend here as follows:

"I miss old Gainesville very much indeed. I have some strong friends there, and am very much attached to both these friends and the town. I miss the water also. There is no water to surpass it in the United States. I hear a great deal of the prosperity of the town, and the more I hear the more homesick I become, because no better people ever lived, and no better town ever existed, than go to make up Gainesville and its citizens."

The people of Gainesville appreciated Mr. McArthur as a citizen, and hope to have him here again when he becomes wearied of his Georgia home. He was always public-spirited, generous, and in all a citizen of whom any community would feel proud.

### NEGRESS MUST PAY MONEY.

**Hannah Elias Must Produce $111,000 by Court's Order.**

New York, Feb. 10.—Justice Leventritt, in the supreme court, handed down a decision in the Platt-Elias suit, in which John R. Platt seeks to impress a trust on realty purchased out of the $685,000 given by him to Hannah Elias. The decision directs Hannah Elias, Sheppard Knapp, Sheppard Knapp & Co., Patrick W. Dugan and the Metropolitan Safe Deposit company to turn over to Gilbert H. Montague, the receiver appointed by the court, the property held in the name of Hannah Elias within ten days.

Should this order not be obeyed, application may be made to have the various persons and corporations mentioned punished for contempt. Justice Leventritt says this applies primarily to the defendant, Hannah Elias.

Justice Leventritt also says that the money held by Dugan is admittedly the plaintiff's money and that the receiver is entitled to the $111,000 claimed to be still under Dugan's control.

**Fruit Crop May Have Escaped.**

Macon, Ga., Feb. 10.—Now that the ice has thawed and fallen from the trees on which it had found lodgment for two days, the question of the damage that resulted is being considered. And as this is the time of year when solicitude begins for the safety of the fruit crop, inquiries are made always to ascertain what harm was done in the peach orchards. Frequently at this time of year there has been sufficient warm weather to advance the buds and too much freezing is not good for the prospective crop, but this year the buds seem to be no farther advanced than they were in December, and cold does not hurt them.

## Expert Dodge With a Force of Men and Machinery at Work.

### IMPROVING PARADISE ROAD

**One Mile Will be Constructed Northward From Hog Town Creek, After Which Mr. Dodge Will Assume Charge City Work.**

Expert Road Builder J. H. Dodge of the department of road inquiry, United States Government, with a force of men and a lot of modern machinery, got down to business Friday morning in the construction of the object lesson road, which has been directed by the department. The machinery was taken to the scene Thursday afternoon, and bright and early the following morning Mr. Dodge went to work with a determination. Owing to the recent continued rains the material was not in as good condition as it would have been under more favorable conditions, but some progress is being made, despite this.

The road will begin at the Hog Town Creek bridge and extend for one mile in a northerly direction on the Paradise road. It is estimated that about a week will be required to finish the work.

In the meantime Col. W. L. Spoon will attend to the object lesson street work in the city. He proposes to begin preparations at once, and as soon as Mr. Dodge will have finished his task on the county road the building of the streets will be turned over to his management.

### A SUCCESSFUL FARMER.

**L. F. Osteen Has Cured Plenty of Meat and is Now Independent.**

L. F. Osteen, who resides about five miles to the westward of High Springs, is one of the farmers who believes in "living at home and boarding at the same place." The green grass is always growing around him—not the kind which destroys his crops, but the kind that makes things look cheerful and prosperous.

Mr. Osteen is not only a good farmer, but an industrious one as well. He does not believe in devoting all his ambition to the raising of crops alone, but is a lover of stock, with the result that he raises a number of fine cows and hogs. He killed and cured during the season just coming to a close about 3,800 pounds of pork, from which he made 500 pounds of fine lard. He is one of the most prosperous farmers in the county, and his smoke-house and crib is always well supplied.

**Mrs. R. A. Becker Entertained Members of Episcopal Church Choir.**

Mrs. R. A. Becker entertained the choir of Holy Trinity Church at her home on North Garden street Friday night. She was assisted by Rev. and Mrs. Craighill, Mrs. W. W. Hampton, Mrs. Dutton, Mrs. Wilcox, Mrs. Dennis, Mrs. VanDeventer, Mrs. H. E. Taylor, Mrs. Strobhar, Mrs. Cooper, Mrs. Balis, Mrs. Hughes, Miss Norton and Mr. Benedict.

The choir, which is the largest in the city, turned out in full force and a most delightful evening was spent. Vocal and instrumental music and games occupied the time, and delicious refreshments were served.

The choir deserves a special word of praise, as they have done good work during the last year, and in spite of bad weather always put in a good attendance.

The names of the choir members are as follows:

### WARM LEGISLATURE FIGHT.

**In North Carolina Over a Few Distilleries in that State.**

Raleigh, N. C., Feb. 10.—This week there is a notable fight in progress in the legislature between prohibition forces, this being, in fact, the biggest fight of this kind of the session, though it is all about the continued existence of three little hamlets, neither of which has over 300 people, as distillery towns. One of the most prominent men in the state, an ex-chairman of the Democratic party, said:

"It will be a shame and a disgrace if our party does not put these distillery towns out of action. They were really chartered in defiance of the Watts liquor regulation law and they have brought discredit upon use, and have aroused a great deal of feeling. The general belief is that the towns will be put out of business, although the lobby in their interest is one of the biggest ever seen here, including high-priced attorneys."

## DON'T GRUMBLE.

Many men, and possibly a few women, make life burdensome to themselves and others because the habit of grumbling has become chronic with them. They find fault with everything and their complaining avails nothing.

The grumbler has only one comfort, and that is telling other people of their troubles, who, like them, have troubles of their own, but have sense enough to keep them from others.

If the grumbler wants to go anywhere, and the weather prevents, it is just his luck, he thinks, and he enters a vigorous protest that does no good, only keeping up his reputation as a grumbler.

If he should happen to go to church he grumbles because the sermon is poor, yet he never puts more than a penny in the contribution box toward raising funds to pay for the services of a good preacher to give him something worth listening to.

Don't grumble because somebody else reaps the reward of your labor. If you would stop complaining and go to work for yourself, you might soon be in a position to have somebody in your employ.

Some grumble because the town is dull, and after a rain storm they complain of the mud. Others find fault because there is too much noise, and the champion grumbler kicks because the local paper has no news of interest to him—doesn't even mention his name when he has done nothing nor said nothing worthy of mention—only grumbled all his life and never paid the paper a cent for all the years he has been reading it and kicking at space.

Cultivate a good habit and don't grumble.

## STORM BOUND.

Our neighbors just North of us, in the State of Georgia, are experiencing the storm of their life. In Atlanta thousands of shade trees are down, telegraph and electric light poles are levelled and the city is isolated. While the people of Florida are experiencing a little inconvenience from the cold, there has been no property damaged by the elements, and the only annoyance is the keeping indoors for a few days of those who come here to enjoy the winter.

From Illinois to Texas the storm has spent its fury, and we in Florida can consider ourselves very fortunate.

Hon. C. M. Brown, who was elected to the State Senate from the district comprising Marion and Sumter counties, has business interests in Dade county. He claims Ocala as his home and votes there. If Mr. Brown does not know where his home "is at," it may be well enough to have some one tell him. But there is no doubt but that he does, and there is no denying the fact that he is eligible to represent his district in the Legislature.

Senator Thomas Platt is an executive officer of the United States Express Company, and he has notified that corporation that he will oppose all legislation injuriously affecting his company's interests. The parcels post system, which will be pushed through by some of the leading business men of the country, will have trouble with Platt, and a petition is being prepared for his expulsion from the United States Senate.

Congressman Townsend of Michigan succeeded in winning his fight over Hepburn of the interstate foreign commerce committee, and it seems that Townsend's action was endorsed by the President. There must be something doing now, for to relax would show defeat, and Townsend has a formidable opponent in his own party at his home town, who is driving him from wire to wire.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

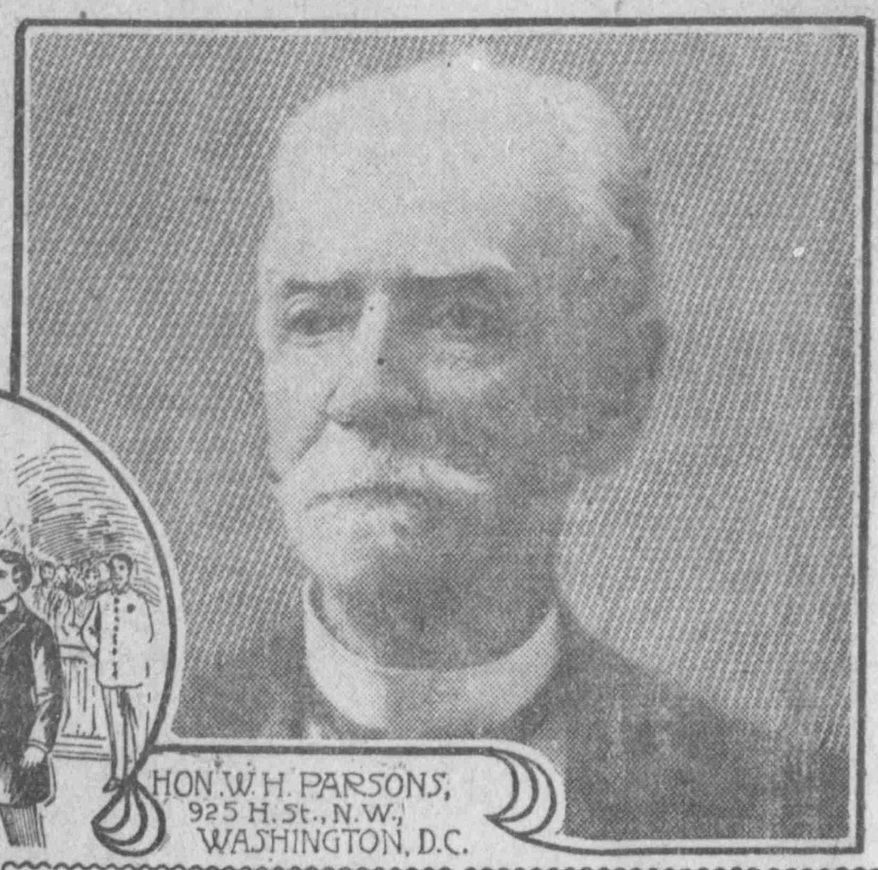
# JUDGE OF THE SUPREME COURT

## Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

The Grip is Properly Termed Epidemic Catarrh.

As Pe-ru-na Cures Every Form of Catarrh, It Has Relieved More Cases of Grip Than All Other Remedies Combined.



**The Fear of Grip Makes People Nervous.**

There is no remedy in the world that meets the conditions produced by the grip better than Peruna.

Peruna strengthens as it renovates, soothes while it stimulates, heals as it expurgates.

Peruna is not a purgative, or cathartic or sedative, or stimulant, nor a vegetable or mineral poison.

It reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

**After-Effects of the Grip.**

Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so.

The grip has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do.

A great many remedies have been suggested for this condition from time to time, but Peruna is the only remedy that has any substantial value in these cases.

It has never failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe.

**No Time Like the Present.**

If you are suffering from the after-effects of la grippe—if you have become discouraged in your attempts to cure yourself with other treatments, take a bottle of Peruna now.

A bottle of Peruna taken during the beginning of the disease is worth more than a dozen bottles after the trouble has become deep-seated.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a recent letter from 925 H street, N. W., Washington, D. C., this prominent gentleman says:

***"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week.***

***"It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration.***

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

Miss Eugenie Lafortune of 110 Berrie street, Montreal, Can., writes:

"Peruna cured me of a severe case of la grippe when nothing else had any effect on me. Five bottles did the work and they were worth hundreds of dollars for the comfort and health restored to me. I therefore feel that the least I can do is to gratefully acknowledge its merits."—Eugenie Lafortune.

***A reward of $10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.***

# WORK HAS BEGUN ON NEW CHURCH EDIFICE

## Gainesville May Soon Boast of Another Magnificent Building.

### WILL BE M'CARRELL STONE

**Contract Awarded to Robert McCarrell, While Robertson & Greig Will Superintend the Work—Will Make Fine Building in Appearance.**

Work upon the foundation of the new Holy Trinity Episcopal Church, which will be located at the corner of East Main and East Mechanic streets, has begun, and within the next three or four months the Episcopalians of Gainesville can boast of one of the handsomest edifices in this section.

The contract was awarded to Robert McCarrell, representing the McCarrell Artificial Stone Works, Jacksonville, and the material to be used above the foundation base will be the McCarrell stone, which is Mr. McCarrell's own invention, and which is said to be as handsome and as durable as granite.

The work is under the direction of E. D. Robertson and W. F. Greig, experienced contractors of Jacksonville. Mr. Robertson is personally supervising this work, and inasmuch as he is thoroughly familiar with the McCarrell stone, a first-class result is assured.

At the beginning of the work Mr. Greig was the victim of quite a painful misfortune. While driving a stake the hatchet slipped from his hand, inflicting a severe wound in the instep of his right foot, which required surgical attention. The services of Dr. N. D. Phillips were summoned, the wound properly dressed, and the patient sent to his home in Jacksonville, where he will be incapacitated for a couple of weeks.

### Will Extend Service.

Manager Goodwin of the local branch, Southern Bell Telephone Company, states that extensive improvements are anticipated in the service within the next few days. As far as the service is concerned, however, there is little room for improvement, as the Gianesville service is acknowledged to be the best of its size in the State.

Manager Goodwin could improve the service in only one way, and that is by extension. A new switch-board, 100 drops, has been ordered, and is expected daily. As soon as this arrives it will be installed, which will relieve the inconvenience of cramped facilities which has prevailed for the past few months. A great many who desired telephone connection could not secure instruments on account of the cramped condition of the switch-board, the board being taxed to its utmost capacity.

The telephone here is not only first-class in all its mechanical features, but patrons are favored with two of the most courteous, most obliging and most competent operators to be found anywhere. The day service, under Miss Fannie Wells, has proven satisfactory in every respect, while the night service, Paul LeGrande operator, is all that could be desired.

### DR. GWILYM IS BUSY.

**Eminent New York Divine is Lecturing to Episcopalians Daily.**

Rev. David Vaughn Gwilym, the eminent New York Episcopal divine who is attending the Bible Conference for a few days, is kept constantly occupied. Dr. Gwilym loves his work, and inasmuch as he is a most eloquent and impressive speaker, the people are keeping his time well occupied.

Dr. Gwilym kindly consented, at the urgent request of the parish of Holy Trinity Church, to give what is termed a series of "Quiet Hours" lectures at Holy Trinity Church. These lectures began Friday morning. They begin promptly at 9 o'clock and end at 9:45, so as not to interfere with the services at the Tabernacle

Friday was the first of this series of lectures. Dr. Gwilym spoke to a good audience on "The Secret of the Master's Power." Following will be the program for the series:

This morning, "The Secret of the Servant's Power;" Monday, "The Servant and His Lord;" Tuesday, "The Servant's Confession."

The public is cordially invited to attend any or all of these services.

### THE BIBLE CONFERENCE.

**Interesting Program Friday, Which Was Enjoyed by Many Hundreds.**

Friday's session of the Florida Winter Bible Conference was largely attended at all three services, and those present were greatly inspired by the noble and earnest addresses of those who spoke.

In the morning Dr. George Stewart of Tennessee delivered his farewell sermon. While this was Dr. Stewart's first visit to Gainesville, he made a great many warm friends who regretted very much to see him retire. He spoke earnestly and to the point, and his remarks were quite impressive.

In the afternoon Dr. W. E. Blackstone interested a good congregation with one of his remarkable lectures, and in the evening Dr. David V. Gwilym preached a fine sermon.

Services will be held today at 10 a. m., 3 p. m. and 7:30 p. m.

### Great Train Robbery.

A train robber is a bad man, but a man who steals another man's ideas is worse. Ever since that master mind of electrical inventiveness, Thos. A. Edison, invented life motion pictures, imitators have been stealing his ideas and in some parts of the country even using his name on inferior productions. Next week the citizens of Gainesville will have the opportunity of seeing the original Edison production of "The Great Train Robbery" at the Carnival.

### Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

### BIG REWARD FOR CASHIER.

**$1,000 Offered for the Arrest of Defaulter of Georgia Bank.**

Davisboro, Ga., Feb. 10.—The stockholders and directors of the Bank of Davisboro are prosecuting a vigorous search for the defaulting cashier, Maro S. Potter, who left Davisboro on the night of Nov. 16 last, having absconded with between $25,000 and $35,000 of the bank's funds, so it is alleged.

A reward of $1,000 has been offered for his arrest and delivery to the sheriff of Washington county, by the Davisboro bank, and they are extremely anxious to apprehend the missing man.

It is supposed that Potter went west, and it is reported that he has recently been seen at Pierre, S. D. The suspected man has not yet been identified, but every possible clew is being run down.

The original reward of $300 has been raised to $1,000, and detectives everywhere have been notified to be on the lookout for the young man.

### Handsome Church Burns.

Newberry, S. C., Feb. 10.—Oneale Street Methodist church, in West End with all its contents, was destroyed by fire Tuesday night at 10 o'clock. The origin of the fire is unknown, but it is supposed that it was either caused by small boys with their cigarettes or was the work of an incendiary as no one had been in the building since Snuday night. The church was a handsome frame structure erected several years ago at a cost of $3,500. Insurance to the sum of $2,000 was carried on the burned house of worship.

### Watch Strangely Found.

Los Angeles, Feb. 10.—William Collier has just received a watch and chain from Keokuk, Iowa, which was stolen from him 23 years ago. The articles were found when an old sidewalk was torn up, and the owned was identified through a local jeweler, who remembered of having repaired the timepiece many years ago. The watch was taken by a burglar.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from overexertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me.

The Methodist church at Cedar Key will be dedicated Sunday, February 19th, when the first quarterly conference will meet there instead of at Bronson.

A large number of Pensacola citizens are in Washington to testify in the impeachment case of Judge Swayne. Some express the opinion that he will be found guilty.

The directors of the Plant City, Arcadia and Gulf Railroad will build their line from Plant City to Arcadia in a short time. It now has twelve miles in operation.

R. B. Tedder of DeLeon Springs went to Jacksonville for a good time. He fell in with a white man and black man. He had the good time, and was relieved of what money he had.

The Bank of Jasper, with Hon. Frank Adams as president, and W. S. Murrow cashier and secretary, will certainly have the confidence of the people, as well as a capital of $50,000.

King Granger, an employe of the Tampa Steam Laundry, met his death Wednesday afternoon in a most horrible manner, from coming in contact with a steam clothes wringer making 1,500 revolutions a minute.

The body of Mrs. B. F. Brown, wife of Archdeacon Brown of Orlando, was found in the woods a short distance from town. A carbolic acid bottle was found near the corpse, which was empty. She evidently committed suicide.

The spring term of the circuit court for Levy county convened at Bronson on Tuesday, Judge Bullock presiding, having exchanged benches with Judge Wills. Neal Rodger, indicted for murder, was convicted of manslaughter, and sentenced to two years in State prison. Rodgers is the negro who killed his wife at Meredith.

Manatee county must be in a bad fix. The following resolution was recently passed by the Board of County Commissioners: "Owing to the fact that there are not enough qualified electors in the county to conduct a legal election for bonding the county, after due consideration by the board, on motion it was ordered that said election be declared off."

Many of the Germans who came here recently from New York have purchased homes as a result of their trip to the Perdido section. The weather was anything but favorable when the Germans reached the city, and as a consequence they were somewhat despondent, but when they viewed the land in the Perdido section they decided to locate and immediately closed deals for the property.—Pensacola Journal.

### Two Found Dead.

Washington, Feb. 10—Theodore Fisher and Estelle Yates, a young woman, were found dead in a room at the house in which they boarded today. Both had been shot. The police have not determined whether the case is one of a murder and suicide of a double suicide.

### Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

# CARDUI BABIES

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood.

Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a $1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

AMETHYST, COLO., Feb. 24, 1902.

Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed. MRS. DORA I. E. LeFEVRE.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.

### MRS. BRODIE DUKE FREE.

**Declares She Will Rest In Seclusion for Some Time.**

New York, Feb. 10.—Mrs. Brodie L. Duke, who was arested on a complaint from Texas charging her with stealing $3,000 and held in the Tombs awaiting extradition, was discharged by Magistrate Pool in the Centre Street court. Mrs. Duke went and embraced and kissed a mysterious woman dressed in blue whose identity was carefully concealed.

Assistant District Attorney Johnstone read a letter from District Attorney Imboden, of Macogdoches county, Texas, in which he said he would no longer insist that Mrs. Duke be held to await requisition papers. Mr. Imboden stated the fault had been in Texas and not in the district attorney's office here.

Mrs. Duke left the courtroom with the woman in blue and refused to talk. She said she would seek a secluded spot, where she will arrange to enforce her rights as the wife of Brodie L. Duke.

### If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### GOMPER'S UNION-MADE CLOTHES

**Satisfied Tailor's Convention All His Clothes Have Union Label.**

Bloomington, Ill., Feb. 10.—Samuel Gompers, president of the American Federation of Labor, was attacked in the national convention of tailors by Delegate Nehus, of Pittsburg, who expressed a doubt whether Mr. Gompers was wearing clothes with the union labed.

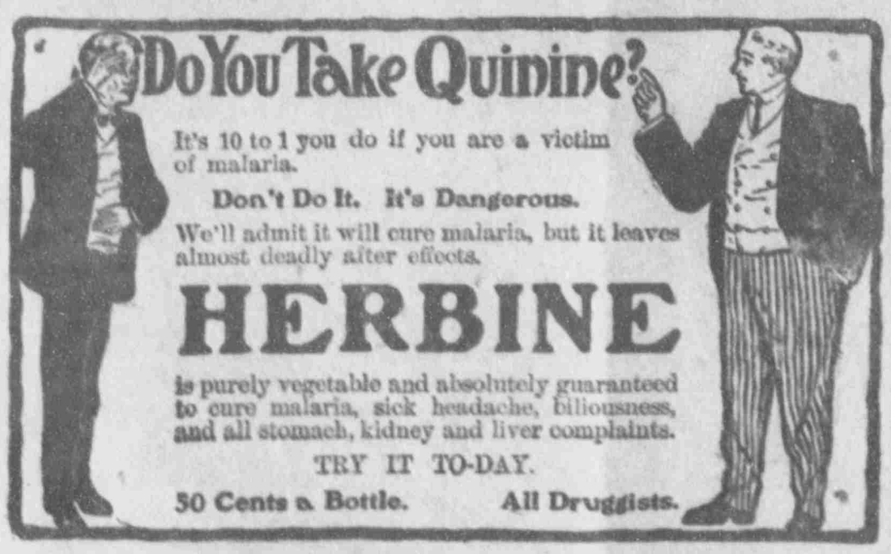
When Nehus moved that a committee be appointed to investigate there was a storm of protest, but Gompers quieted the delegates and suggested to the convention that Nehus be appointed a committee of one to investigate. The convention shouted its approval. Nehus remained in his seat and the delegates yelled in derision.

Gompers then said that every article of clothing he wore bore the union label.

### Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup; (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.



Do You Take Quinine?

## NEWS TERSELY TOLD.

The cold storage supply of over 57,000 eggs held last fall in Kansas is entirely exhausted.

Female triplets were born to Mrs. [illegible] T. Johnson, of Chester, Mass. Mrs. Johnson is one of twins.

Mrs. Mary Gardner, 56 years old, of Chicago, had her nose frozen while riding in a Cottage Grove avenue car.

All fear of rioting at the Zeigler, Ill., coal mines having subsided, the last of the state troops have been ordered home.

Train No. 2, a fast express on the New York Central railroad, struck and killed an Italian section hand at Cranesville, N. Y.

Henry Freeland was burned to death in the barn of Patrick O'Neil, in Weedsport, N. Y. He was accustomed to sleep in the barn.

A mail train from Montreal for Boston was derailed at Sharon, Vt. The mail and baggage cars left the track, but none was injured except a mail clerk.

The steamer Admiral Sampson, from Port Antonio, for Philadelphia, which went ashore on Pea Patch Shoals, in Delaware Bay, has thus far resisted all efforts to move her.

The Citizens' Bank of Union, Ill., has closed its doors and the whereabouts of the owner, E. W. Settle, is not known. Settle also has banks in Fores (Ill.) and in Michigan.

Two lives were lost in a fire which destroyed the farm house of Charles Smith, near Meredith, N. H. The victims were Miss Harriet Pratt and Smith's 5-year-old daughter, Lena.

The police of Boston have found that Dr. William Reed, whose death last Thursday was attributed to natural causes, committed suicide by drinking poison. He was seventy years old.

Thomas N. Thomas, a locomotive fireman, was shot three times by his wife at their home in Decatur, Ill., and probably will die. They had quarreled because Thomas was out late at night.

Mrs. Emma Delbono, a 16-year-old bride, was complainant in the first criminal court in Jersey City against her husband, Caesar Delbono, who, she said, beat her with a wire cable half an inch thick and three feet long. Delbono was fined $20.

The John F. Marsden cottage at Far Rockaway Beach, N. Y., was burned Wednesday, and it is believed that this and other fires were the work of incendiaries. The Taxpayers' association has offered $2,000 reward for the arrest of the firebugs.

## NORTH AMERICA.

**Originally Mapped as an Extension of India and China.**

"Uneducated Americans," says a correspondent of the London Times, "pronounce the name of their country Amarica, calling themselves Amaricans. In so doing they not only yield to a natural craving for a finer euphony, but, quite accidentally, I presume, are more correct etymologically than educated Americans, Amerigo being the Italian form of the Gothic Amalaric, contracted to Amaric. This personal name means 'strenuous in labor,' resolute in action,' an appropriate motto to add to the Washington armorial in the national device of 'America.'

"Brazil was the original America. Down to the first quarter of the sixteenth century our North America was still mapped as an extension of India, Tibet, China and Japan, with Brazil as an island, separated by the islands discovered by Columbus from 'the new world of Greater India' and named 'America provincia' and again 'America vel Brasilia.'

"Not before the middle of the sixteenth century was the term 'America' extended to North America, with the addition 'vel Nova India.' In brief, the Americas were both mere windfalls in the heroic secular quest after 'spiced' India. This is the redoubled debt the Anglo-Saxon race owes India."

## Thousands Have Kidney Trouble and Never Suspect it.

**How To Find Out.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

**What To Do.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

## PANAMA HATS.

**They Are Made From the Undeveloped Leaves of the Bombonaje.**

The panama is a leaf hat made in Colombia, Ecuador and Peru from the undeveloped leaf of the "bombonaje," which is a screw pine rather than a palm. The trunk of the plant is only a yard in height, but the leaf stalks are two yards long.

The leaf before it has opened is prepared for the manufacture of hats. It then consists of a bundle of plaits about two feet long and an inch in diameter called a "cogollo." The green outside is stripped off, and by means of a forked instrument it is cut into narrow strips of uniform size.

The cogollo is next boiled to toughen the fiber and hung in the sun to dry and bleach, when the strips shrivel into cordlike strands ready for use. It takes sixteen cogollos for an ordinary hat and twenty-four for the finest, and a single hat is plaited in from four days to as many months, according to its texture and quality.—Mexican Herald.

**A Place of Great Heat.**

The largest of the Aval islands, which are scattered over a considerable area in the Persian gulf, is said to be earth's hottest place. The mean temperature of Bahrein, as it is called, is 90 degrees for the whole year. No European can endure the heat, which at midnight rises to 100, in the morning is 107 or 108 and by 3 in the afternoon reaches the phenomenal height of 140 degrees. The island is inhabited by Arabs. The following high temperatures are also experienced at the places named: Parts of Algeria, 127 degrees; Agra, 117 degrees, and Lahore, 107 degrees.

**The Joke Turned.**

Quiet Traveling Man—Call me at 5:30, please. Smart Hotel Clerk—What shall I call you at 5:30? Quiet Traveling Man—Call me a poor, misguided idiot for letting myself get roped in to stay all night here!—Baltimore American.

**Agonizing Burns**

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

## READ THIS.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK.
M. & O. R. R. Co., Mobile, Ala.

### A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Mr. J. C. Lewis, of the J. C. Lewis Si Plunkard Co., is a phenomenal whistler, and his whistling specialty is received with wonder and admiration. He does not use his fingers to whistle, which makes his whistling more wonderful.

The good people of North Gainesville, through their persistent energy, have at last succeeded in raising sufficient funds for the reshingling of the North Gainesville Hall. The shingles have been delivered upon the ground, and within the next few days work will begin. The funds were obtained through entertainments and other means, and those interested are to be congratulated upon their success.

After a brief but pleasant visit to his old friends in this city, Rev. W. J. Carpenter returned to his home in Tampa yesterday. Mr. Carpenter, in response to an invitation from the W. C. T. U., came for the purpose of delivering the presentation address in the dedication of the fountain Thursday, and performed his task in a most interesting manner. He is well pleased with Tampa, but says he cannot forget Gainesville and his friends here.

Captain J. S. Neal, the phosphate miner of Wade, was transacting business in this city yesterday. Captain Neal has recently sold to C. B. Williams, representing the Frankland Phosphate Company, one of his plants near Wade. The plant is being moved to a newly discovered and rich deposit near Frankland, and within a short time will be in operation. The capacity of the plant is from fifty to sixty-five tons, and the company has a sufficient deposit to keep them busy for several years.

Attention is directed to the advertisement of the East Florida Seminary Normal, which opens on March 13, and will continue for eight weeks. This is the teachers' normal institute for Alachua county, and is endorsed by the State Superintendent as one of the normals under his control.
